Lyrics: Roy the Zebra song

Verse 1

Give me a Z, an E, a B, an R and A,
It spells out zebra, but that's not my name,
It's Roy you know,
And it sounds a bit like toy,
But don't you pull my ears 'cos I'll bite you on the nose!

Verse 2

I've just figured out what happened that night,
Many men a shouting and lots of bright lights,
They put me in a truck,
And they took me far away,
And now all I've got is dreams to brighten up my day.

CHORUS

You say...
Hello, hello, your name must be Roy,
Stolen from the wild, when he was only five,
Taken from his Mum and given to the zoo,
He misses his home and wouldn't you do too.

Verse 3

Now I've a plan and it begins with you,
Don't you think it's strange that zebras speak like you,
So hear me now and listen up loud,
'Cos I'm gonna need a hand,
'Cos I've only got wee hooves!

CHORUS
